ESCAPING FROM SIBERIA.

M. DE GAIEFF, ALIAS JABLONSKI, THE
Nihilist, NO LONGER A PRISONER.

The Conspirator Who Planned the Murder
of Lieutenant Colonel Sudeikin,
Traced to Geneva, Where He Is Safe
From Extradition—Foreign News.

LONDON, Oct. 13.—A St. Petersburg correspondent telegraphs that he learns, despite official confirmation, that the police have received a full confession from Siberia of the reported escape of M. de Gaieff, the noted Nihilist conspirator, who planned and assisted in the murder of Lieut. Col. Sudeikin, chief of police, and one of his staff, nearly three years ago. The police have traced M. de Gaieff to Geneva, and have vainly endeavored to wheedle the Swiss government into extraditing him. Since June at least twenty Siberian prisoners have escaped, including two cavalry officers and several students, some of them escaping by way of Canada.

The precautions which are observed throughout Siberia are so stringent that the government is persuaded that the escapes could not have been effected without complicity with the prison officials. No great commotion has been caused by these repeated jail deliveries that appear to have been sent to Siberia to inquire into their causes and recognize the entire system of prison government. A number of high officials, under whose charge escaped prisoners were, have been suspended and some officials who were either criminally negligent or else assisted in releasing the prisoners, have been arrested and thrown into prison.

M. de Gaieff, alias Jablonski, the Nihilist whose escape is related above, had had an eventful and checkered career. He had been identified with Nihilism for many years, but did not come prominently into notice until the murder of Gen. Skarabovsk, at Odessa. For his connection with this crime he was transported to Siberia, but escaped and was transported to St. Petersburg. There he professed to have renounced Nihilism and offered his services to Lieut. Col. Sudeikin, the chief of police for the district of St. Petersburg, and soon became his confidential spy. On the night of December 29, 1881, he Gaieff was seated in a room with Col. Sudeikin and his nephew, an assistant detective, when a signal from Lieut. Col. Sudeikin was thrown open and a shot fired at Col. Sudeikin, which was immediately followed by a blow on the head with a crowbar.

Sudeikin seized two heavy cartridges and managed to severely wound one of his assailants before he was finally overcome by the superiority of numbers and stabbed to death. Meanwhile his nephew was struck down and left on the floor, mortally wounded. De Gaieff, with the assistance of the other Nihilists, removed their wounded accomplice and all made their escape. De Gaieff made his way to Geneva and afterward to London, where he intended to reside for a time. He was detained for some reason, and when next heard of had been captured on Russian soil and sentenced to Siberia for life.

Mentenced for Life.

GRAND RAPIDS, Mich., Oct. 13.—John Boyd, the murderer of W. B. Johnson, a prominent business man of Rockford, on August 14, has been sentenced to prison for life. The convicted man broke down completely and sank down with his face to the floor. He declares to the judge that he knew nothing about the crime and that murder was never in his head. He will be taken to Jackson this afternoon.

But Two Things for France to Do.

LONDON, Oct. 13.—The St. James Gazette says that although France favored the victors in forming relations with China, the Chinese envoy sent the pope a very friendly message from his government. Regarding France, China is resolved to terminate that country's protectorate at all costs. The French must abandon this or forcibly maintain their pretensions.

A Sensation at Lyons.

LYONS, Oct. 13.—A decided sensation has been caused here by the arrest and detention of a lady professor of German, as a lunatic. While teaching evening classes she was seized by some students of Charley and taken to an asylum in a cab. The pupils all declare that they saw no evidence of insanity in the demeanor of the teacher. The authorities will institute a vigorous inquiry into the matter.

Effect of Boycotting.

DUBLIN, Oct. 13.—At the National league convention at Loughboro, the delegates of twenty-two branches voted that emphatic orders be promulgated to the members of the league and their sympathizers to boycott all obnoxious persons. Two boycotted tradesmen begged to be forgiven, and the ban was removed on condition that they promise never to offend again.

Murder or Suicide.

BELFAST, Oct. 13.—The decomposed bodies of a man named John Andrews and his wife were found in an unoccupied house on Christopher street. The police are divided in opinion as to whether it is a case of murder or suicide. A number think that Andrews and his wife were victims of the Belfast riot.

Chief Anarchist Plotted.

VIENNA, Oct. 13.—The police authorities have sent to Berlin a detailed description of the chief organizers of the recent plot to recently discovered to murder members of the royal family. It is believed that the culprit is in hiding in Germany, and a vigorous search will be made to apprehend him.

Alexander's Successor.

ST. PETERSBURG, Oct. 13.—It is announced to-day Prince Dolgorouki is about to go to Copenhagen on a special mission. The news has served to revive the report that Prince Waldemar, of Denmark, will be selected for ruler of Bulgaria.

Pleadinging Misconduct.

PARIS, Oct. 13.—A number of men were arrested on the streets here for carrying placards bearing a caricature of Prince Bismarck.

Trying to Kill an Anarchist Juror.

CHICAGO, Oct. 13.—Maj. Cole, one of the Anarchist jurors, who was recently threatened since the trial, was shot at by concealed persons as he was entering his home at Lawrence, a suburb of this city, Friday night. Saturday night he returned from the city, he was stopped near his house by a masked man, who pointed a revolver at him and said he was going to kill him for voting to hang the Anarchists. Cole jumped upon the man and seized the revolver, which was instantly discharged in the struggle. The man then broke away and fled. The police are searching for the guilty persons.

silver certificates is not credited in official
quarters.

There is little possibility of a final decision
being reached in the Chicago Anarchists
case before next spring, and it is already
settled that application will be made to Gov-
ernor Oglesby for a respite for such period as
may be necessary in order that the supreme
court may pass upon the case.

What the Fishermen Want.

LEWISTON, Me., Oct. 13.—Senator Fry
says that one of the results of the inquiry by
the United States fisheries is the confirma-
tion of the fact that both fishermen and
owners of vessels agree that they require ab-
solutely nothing of Canada other than the
right of roving off the coast, it is necessary for
them to take bait in Canadian waters. All
they need to enter Canadian ports for is
protection from water and repairs. All
privileges of fishing within three miles off
shore is valueless. The trouble is the Cana-
dians refuse us the rights which they admit
we are entitled to. This must be stopped.

Vegetable
Sicilian
HAIR
RENEWER.

It is a medicinal preparation, and, at
the same time, an elegant and cleanly toilet
article. Its action upon the scalp is healthful.
It nourishes the glands which support
the hair, and causes thick, dry hair to be-
come thick, soft, and vigorous. It restores
the color of youth to locks which have
become faded with age or disease; and
relieves and cures itching, dandruff, and
humors of the scalp. Dr. George Gray,
Nashua, N. H., writes: "It gives me
pleasure to testify to the wonderful effects
produced by Hall's Vegetable Sicilian Hair
Renewer, as observed by me in very many
cases. IT WILL CERTAINLY RESTORE
THE HAIR TO ITS ORIGINAL COLOR. It
cleanses the head of dandruff and leaves
the hair soft, glossy, and beautiful." F. T.
Sandelin, 1000 Spruce st., Philadelphia,
Pa., writes: "After unavailingly trying a
number of preparations to prevent my hair
from falling out, and realizing that I was
fast becoming bald, I tried, as a last
resort, Hall's Hair Renewer. I have used
only four bottles of the Renewer, and am
perfectly satisfied that it is the best prepara-
tion in the market for checking the
falling out of hair, invigorating the hair
roots, and promoting a new growth."
